

FREE Mold Seminar - Wednesday, October 20, 2004

Sponsored by:

About the Seminar:

Mold issues are dominating the media. According to the Insurance Information Institute (III), over 10,000 lawsuits have sprung up nationwide as a result of mold allegations. Learn the basics of mold and how to identify and manage potential fungal contamination. Understand mold, the health implications, some of the causes and effects and how to develop a proactive mold program.

Oct. 20-21, 2004
