Environmental Risk Professionals hereby certifies that "Pure Air Control Services, Inc.," as identified above, has fulfilled a comprehensive environmental risk management plan. "Pure Air Control Services, Inc." has met CERC requirements for pollution prevention work procedures and demonstrated financial responsibility for pollution cleanup.

1. Key Best Management Practices implemented to mitigate common environmental, health and safety risks and promote pollution prevention for the following risks associated with Contractor's operations:

- Asbestos
- Chemical Storage
- Housekeeping
- Lead Based Paint
- Legionella
- Mold
- Responding to Spills
- Solid Waste Management
- Electrical Hazards
- Personal Protective Equipment
- Heat Exhaustion
- Building Renovation

2. The approved policy reaches the \$1 million limit requirement and includes Additional Insured, Waiver of Subrogation and Primary/Non-Contributory coverage enhancements, plus:

- ★ Natural Resource Damage      Pollution incidents may contaminate wildlife, fish and wetlands that will require restoration.
- ★ Non-Owned Disposal (NOD) Sites      In the event a disposal facility becomes a Superfund site, all contributors of waste are potentially responsible parties.
- ★ Jobsite Cleanup      Cleanup and monitoring of pollution incidents are often mandated by the government and the cost can be significant.
- ★ Mold Coverage      Protection against mold bodily injury, property damage and cleanup cost claims should an incident occur.
- ★ Transportation      First and Third-Party protection for over-the-road exposures, including loading and unloading should the cargo create a pollution condition.
